Proposal: The Geneva Men's Rugby Club requests $1000 of additional club funding.
Discussion: Christian presented the proposal. The team has done fundraising with t-shirts and has thought about doing a spaghetti dinner, as well as doing an alumni vs. current players game as another fundraiser. Kylie asked what they will do with the money received to make it sustainable. Chrsitian replied that he hopes it will supplement what they don't have paid for for that year. This year they need new uniforms and equipment. Nick asked if there are dues for members. Chrsitian said each player pays dues; this year it was around 20 dollars- dues are dependent on size of the club for the year and costs of the previous year. They hope this equipment would last for several years and that this wouldn't be a proposal needed each year.
Motion: Nick motioned to amend the proposal to give men's rugby club $300 additional club funding for the the current year. Kylie seconded it. Amendment passed 9-2-2.
