

Women's

VOLLEYBALL

Our Charge

Geneva's volleyball program takes seriously the charge to make the most of what God has given us. We pursue excellence in every aspect of the game, and in every aspect of our lives. We want to know, with absolute certainty, that we stretched our God-given athletic abilities as far as they would go. We train, compete, coach and live with no regrets—ever!

Our Record

Our passion for the game is evident in what our student-athletes have accomplished at Geneva. The team has compiled a 72-18 mark in its first five years against Presidents' Athletic Conference (PAC) opponents. In 2010, the team posted a 26-5 overall record, breaking the single season record for victories in a season. In 2011, this record was topped when the Golden Tornadoes finished 27-9, claiming the PAC championship and a berth into the National Collegiate Athletic Association (NCAA) national tournament. Recent individual honors include a PAC Player of the Year, a National Christian College Athletic Association (NCCAA) National Player of the Week, PAC Players of the Week, one NCCAA All-American, three all-region selections and numerous

all-conference players. Competing as a NCAA Division III volleyball program since 2007, Geneva volleyball aggressively pursues every opportunity to move its program toward national recognition. Off the court, Geneva volleyball has been recognized three years in a row with the prestigious American Volleyball Coaches Association (AVCA) Team Academic Award as well as numerous NCCAA and PAC Scholar Athlete Awards.

Our Student-Athletes

Our student-athletes have found their way to Geneva's gates from as far away as Alaska. We remain a program committed to geographic diversity in our recruiting; and when our student-athletes leave these gates, we are proud of their pursuit of excellence in new careers including immunology, business, physical therapy, teaching and coaching.

Our Coaches

Wendy Smith and Curt Conser know what it means to build a program from the ground up. In their 12 years at the helm of the Golden Tornadoes, they have taken the program from a bottom third finish in 2000, to a share of the school's first divisional title in 2006, to the school's first PAC championship and NCAA national

tournament appearance in 2011. For this, they garnered the PAC Coach-of-the-Year Award. Now they know the burden and the thrill of expectation! In addition to her responsibilities at Geneva, Smith has coached for the accomplished Renaissance Club of Pittsburgh. A magna cum laude graduate of Duke University, she was a three-year letter winner at the setter position. Smith received her undergraduate degree in religion. Following her years at Duke, Smith received a law degree from the University of Pittsburgh. Smith began her coaching career as the head coach at Mt. Lebanon High School in the mid-1980s and served as an assistant coach at LaRoche College for three years. Conser graduated from Eastern Mennonite University (EMU) with a bachelor's degree in mathematics. White at EMU, Conser was a standout volleyball player. A four-year letter winner, Conser served as the team captain in 1997. He is the only athlete still appearing in EMU's record book in four categories; kills, blocks, digs and assists. Prior to Geneva, Conser spent time coaching at Coffeyville Community College, at West Virginia Wesleyan as interim head coach and as graduate assistant coach for the men's team at University of Findlay. Conser is the founder and director of the Infinity Volleyball Club in Ohio. He currently coaches its 18-National team.

Are you the right fit for our team?

If you're looking for a college that offers quality, Christ-centered academic and athletic programs that can help you excel, then Geneva College is the place for you. We're a rigorous, private Christian college located about 35 miles northwest of Pittsburgh in Beaver Falls, PA.

Life's full of challenges, and we can help you meet them head on. **Accept the Challenge** at Geneva College.

Academic Environment

Our student-to-faculty ratio of 13:1 creates a welcoming learning environment that encourages personal interaction between you and your professors. And because all members of the faculty are evangelical Christians, they will intentionally challenge you to grow in your faith.

Outcomes

A great majority of Geneva students—70%—complete internships. And in the past four years, 93% of Geneva students, on average, are working or in grad school within six months of graduation.

Programs

Geneva awards bachelor's degrees in nearly 40 undergraduate major areas of study and offers seven master's degree programs.

Student population

We have around 1,400 traditional undergraduate students representing a wide variety of denominational, ethnic and national backgrounds.

Financial Aid

Around 95% of Geneva students receive some type of financial assistance, and the college distributes millions of dollars in institutional aid each year.

Heritage

Geneva was founded in 1848 by the Reformed Presbyterian Church of North America (RPCNA).

Campus Visit

Find out if Geneva is the right fit for you. Schedule a campus visit and come experience Geneva first-hand—talk with an admissions counselor, sit in on a class, meet with faculty and students, and tour the campus. You can find more information and arrange your personal visit online at www.geneva.edu/visit.
