Article V. Union Procedures

Section I. Meeting Procedures

A. Majority Rule: The minority has the right to be heard but once a decision has been reached by a majority of the members present and voting, the minority must then respect and abide by the decision. This applies to all votes on proposals and proposal amendments.

B. Two-Thirds Rule: A two-thirds vote is necessary for changing constitutional amendments and calling the question.

C. Motions must receive full debate: No one member, even the presiding officer, may end debate on the issue. This can only be done by calling to question, which, if seconded, must be supported by a two-thirds vote. If a motion to call the question is not passed on a two-thirds vote, the motion to call the question fails and discussion can continue until all debate is over or until another motion to call the question is made. Calling the question may ONLY be done if conversation about a certain issue has gone 10 minutes or longer, there is no progressive conversation about an issue or if an issue is extremely divisive and it is necessary to maintain order on the Union floor. Any voting member may call the question.
D. **Motions and Voting**: Whenever an issue is brought forth, whether it be a proposal or passing the minutes, a motion is needed to proceed. This is done by the party bringing forth the proposal (I move to discuss...). A second is needed to open discussion on the Union floor. After full debate a motion must be made to pass, amend or table the proposal and a second is needed to begin voting. Members must then vote by raising their right hand. Members may either vote in favor, opposed, or abstaining (Only due to conflict of interest). A majority rule is used to decide the voting on a proposal. Abstention does not count in the tally of votes.

E. **Tabling Motions**: Motions may be tabled until a further meeting date, which must be specified verbally and in the minutes, because of lack of information or other reasons. This motion must be supported by a majority rule vote. On the future date that the tabled proposal is to be discussed, a motion to discuss the proposal as normal is made and any new information presented. If enough information is available and all other reasons handled then the proposal may move forward as normal.

F. **Proposal Amendments**: Amendments are used to change the wording of motions in order to make them clearer, enable stipulations, or change the previous motion. Amendments must be voted on before the original motion and require a majority rule to be enacted.

G. **Minutes**: Each week the Union will review the typed minutes from the previous week’s meeting. Reviewing these minutes gives the GCSU the opportunity to ensure that business was recorded as they remember it.

H. At each Cabinet meeting a bi-weekly update must be prepared in order to report to the rest of the GCSU the progress each Cabinet is making.
