If you have prior work experience and perhaps some college experience, the Geneva College ADCP can help you complete a bachelor’s degree in a classroom and online. Explore the possibilities and learn more about the program that interests you. Visit our website to find the locations and times of our information meetings, or call 800.576.3111 to set up a personal visit with an enrollment counselor.

changes in society were afoot: the blind see, the lame walk the One he had been proclaiming, Jesus sent word that imprisoned John the Baptist inquired whether Jesus was Christ. The transformation of society can be seen in small servant-leaders, transforming society for the Kingdom of

 Geneva's mission to glorify God by educating a diverse
to those who need it is just one of the many ways our graduates serve the Lord in the midst of a culture that denies the relevance, if not the existence, of God.

Seeing a need and responding to it is at the heart of Geneva's mission to glorify God by educating a diverse community of students for the purpose of developing servant-leaders, transforming society for the Kingdom of Christ. The transformation of society can be seen in small but significant changes in the way people live. When the imprisoned John the Baptist inquired whether Jesus was the One he had been proclaiming, Jesus sent word that changes in society were about the blind see, the lame walk and the poor have the good news preached to them (Luke 7:22 ff). Today, because of the ministry of the Somerset County Mobile Food Bank and Rev. Barry Ritenour's leadership, many who were hungry now have food. Feeding the hungry, comforting the grieving, encouraging the downtrodden in the name of our Lord—these are ways Geneva's ADCP students have an impact on society as they carry out God's calling in their lives every day. In the ADCP, we seek to provide opportunities for adult students with many responsibilities to complete their college degree that encourages commitment to serving Christ as servant-leaders. We do this by offering programs both in the physical classroom and online to make Christian higher education possible to those who never thought they would be able to go back to college to finish their degree. One night a week in a classroom setting near your home or place of employment or completely online everyday in your own home—take your pick. Geneva College wants to help you complete your degree and encourages you to join the ranks of those whose lives are making a difference.

Call or email the ADCP office today to get information on how you can be a more effective transformer of society for the Kingdom of Christ. Join the ranks of Christians who “get it.”

Bridge Program

Check the website for a schedule of more online course offerings!

Course Schedule
The Bridge Program is designed for busy adults who need to earn credits either to enter the Geneva College Adult Degree Completion Program or to complete their degree after finishing the ADCP. This program helps you “bridge the gap.”

Classroom Bridge courses meet from 6 to 10 p.m. For course descriptions or to register, visit www.geneva.edu/bridge.

Bible Challenge Exams
For prospective and current ADCP students

On March 4, 14 human resources students began Geneva College Adult Degree Completion Program’s very first online program. This summer, not only is the ADCP scheduled to begin a second online human resources cohort, but is also scheduled to begin an entirely online Christian ministry leadership cohort. In addition to these two programs, the ADCP is proud to announce an all-new bachelor of science in organizational leadership online major.

The new organizational leadership major is designed to educate students to be effective leaders in business, government, nonprofit and educational organizations. Students will learn organizational planning, dynamics of leadership, team building, conflict resolutions and mediation and communications.

Now students may choose from three majors to complete entirely online. And the Bridge program is continuing to increase necessary core and elective credits that are available online. This new online major is yet another way that the Geneva College Adult Degree Completion Program is reaching out to nontraditional students to provide a quality, Christian education.

Graduation 2013
On May 11, Geneva College celebrated its 25th graduation to include Adult Degree Completion Program students. Over 500 adults have graduated through the ADCP and we welcome the class of 2013 into their numbers. These graduates have earned Geneva College bachelor’s degrees in human resources, community ministry, organizational development and human services through the ADCP.

Join us in congratulating these students for their hard work and perseverance.

ADCP Offers More Majors Online
