GENEVA COLLEGE     ADULT DEGREE PROGRAMS

WINTER 2014

Online programs meet student needs

Last year marked the 25th anniversary of the Geneva College Adult Degree Programs. During the past quarter century, faculty and staff have been committed to providing the highest quality education. And while the Adult Degree Programs has already helped over 3,000 adults complete bachelor’s degrees, Geneva expanded its offerings with entirely online human resources, Christian ministry leadership and organizational leadership majors.

Students enrolling in these majors are finding that their expectations are not only met, but exceeded in terms of the quality, convenience and affordability.

Ashley Lepley is a young mother with a full-time job. After receiving her associate degree, she was searching for a degree completion program. The new online programs offered Ashley a flexible schedule with her desired major, all from the comforts of home.

But convenience still requires dedication. “I found that by setting aside a few hours each day to work on assignments or to catch up on some reading makes it much more manageable than trying to cram and do everything at once,” Ashley says. “Online classes are great and I would recommend them to anyone!”

Christian ministry leadership student Inger Furman had desired a Geneva bachelor’s degree for a long time. However, her responsibilities as a Salvation Army minister, wife and mother made it difficult. “I have always wanted to obtain this degree, but the time was never right.” When her headquarters moved to New York, her hopes seemed to be dashed—until the implementation of online majors. “I believe the Lord was opening a door for me to be able to accomplish this goal.”

Nora Sheller, another online human resources student, was concerned that she would not be able to keep up with the rigors of an entirely online program. She was quickly put at ease. “I love the support the staff provides. Every interaction that I have had with Geneva’s staff reinforces the belief that they truly want each student to succeed.”

Nora, like other students, was also concerned about cost. However, Geneva is dedicated to providing an affordable Christ-centered education. And although each student has a unique financial aid package, Nora observes that “the financial aid office has worked diligently with me to ensure that I am able to attend Geneva College.”

### Financial Aid is Available for 2014

Have you been putting off returning to school? Have you been giving reason after reason why school won’t fit into your schedule or budget? Geneva College’s Adult Degree Programs has made it very difficult for you to say “no” to returning to school in 2014. New students who enroll in 12 credits in the spring 2014 semester qualify to receive a $1,000 tuition credit. In addition to this tuition credit, the cost of books is included in the tuition rate.

If you are considering beginning Adult Degree and Bridge Program courses this year, you must file the 2014-2015 Free Application for Federal Student Aid (FAFSA) by April 15. The form can be completed online at www.fafsa.gov. State and federal grants and loans are available for eligible students.

**APPLAUSE**

**Student needs**

...continued from front

These students’ concerns are common among adult students. Is there a program that fits my lifestyle? Will I be lost behind the computer screen? Can I afford it? Nora sums it up nicely: “The course work can at times be challenging, however, this is offset by the atmosphere Geneva provides. Geneva’s Adult Degree Programs provides the interaction and encouragement adult students need in order to be successful in their education endeavors. If individuals possess dedication, perseverance and conviction of heart to enroll in an online program, they will be successful.”

Contact your enrollment counselor to discuss the many other ways Adult Degree Programs can meet your educational needs.
