

Communication Disorders

Geneva's Communication Disorders program provides the training and credentials needed for acceptance at a top-tier graduate school for students on their way to satisfying a career in speech pathology and other fields. In the past 10 years, 85 percent of our graduates have been accepted into graduate schools across the country.

Our uniquely Christian approach is based on reflecting the compassion of Jesus to bring hope and healing into the lives of people who suffer from various speech, language, and swallowing disorders.
