

Updating Your Primary Institution to Geneva College on Your PA State Grant Record

Pennsylvania residents may be eligible to receive a PA State Grant, which is funding that is paid in part or in whole by the Commonwealth of Pennsylvania and is administered by the Pennsylvania Higher Education Assistance Agency (PHEAA). However, to be considered for the Pennsylvania State Grant, you must complete your Pennsylvania State Grant Form (i.e. the State Grant application).

If you are planning to attend Geneva College during the upcoming academic year, please log into or create your account at <https://www.pheaa.org> and update your primary institution (in other words, your top choice college) to Geneva on your State Grant record.

If your enrollment plans have changed and you have decided to attend elsewhere, please notify the Student Financial Services office by writing to us at SFS@geneva.edu and we will update our records accordingly. Additionally, if you do decide to attend elsewhere, please make sure your intended college/university is listed as the primary institution on your PA State Grant record.

If you have any questions about creating your account, logging in, or updating your State Grant record to indicate your primary institution, PHEAA can be reached at 1-800-692-7392.
