

# Anatomy of the Kingdom: Heart

“The center of our soul”  
“The source of our whole bodies”

## Word

**Read the following verses together!**

- **Luke 6:45, Mark 7:21, Proverbs 27:19, Jeremiah 17:9, Ezekiel 36:26-28, Psalm 51:10**
- What do these passages tell us about ourselves?
- What do these passages tell us about God’s heart?

## World

- What does the world say about our hearts? Share real examples (Valentine’s Day, etc.)
- How is the world’s understanding of our heart different from how God describes it?
- Would you say your view of your own heart is more like the world’s or how God describes it?

## Us

**2 Thessalonians 3:5 - “May the Lord direct your hearts into the love of God and into the steadfastness of Christ”**

*God wants to make our hearts whole. As we experience wholeness, our bodies follow.*

- In what specific ways has God transformed your heart and given you Kingdom desires? (death to life moments)
- Are there parts of your heart you are afraid to give to him?
- What small things can you do this week to recalibrate and turn your heart towards Him?
- How can we lean on one another?

**When a heart is transformed, all of the body begins to come to life.**
