

Chapel is on the Grid

Dr. Calvin L. Troup, President of Geneva College, shared this news in a communication to students, faculty and staff, "Chapel Team is preparing simple-format chapel sessions which will air at 10:10 a.m. on Monday, Wednesday, and Friday. Because of the virtual format, we are offering more opportunities and shorter sessions than our on-campus chapel services."

All students and family, faculty, and staff are encouraged to engage in the short chapel sessions. (All students will receive full credit for Spring Chapel under the circumstances.) We're simply offering the opportunity, hoping that the sessions will be a blessing to the community. We need to continue to look to the Lord Jesus Christ together and remember His faithfulness and goodness while we're under fire.
