

## Annual Geneva College Insurance Waiver Process

Geneva College cares about the health and well-being of each student. We want to do all we can to ensure that students seek and receive medical attention (for both physical and mental needs) as soon as possible. Geneva College requires that ALL full-time traditional undergraduate students must carry health insurance. Students must be established with a primary care physician.

To help our students comply with this policy, each full-time traditional undergraduate student will be enrolled in a University Health Plan through Geneva College, UNLESS the student completes an online waiver with policy information showing that they already have health insurance coverage. The cost per year is \$1,761.00 for the year. To waive the Geneva College health insurance and remove this charge from your student account you need to go the **University Health Plans** website at <https://www.universityhealthplans.com/>. Have your insurance information ready to answer the questions. If you have questions, please contact the Business Office at 724-847-6543.
