

Academic Scholarships:

- International Students are not eligible for academic awards if they need ESL.
- Eligibility is determined by International Admissions Advisor based on test scores (TOEFL, IELTS, PTE Academic, SAT, or ACT) and translated GPA.
- International Students who are transferring to Geneva College from a school in the United States are considered for the \$12,500 Tower Scholarship.
- International Students who are transferring to Geneva College from a university outside the United States are considered for the \$10,000 International Transfer Scholarship and do not qualify for the Tower Scholarship.

Other Geneva Awards:

- First-year international students are eligible for the Christian/Homeschool Grant, Denominational Grants, First-Year Honors Scholarships and the Student Engagement Scholarship. These awards, in addition to Academic Scholarships, can be stacked for the 2018-19 academic year and are awarded under the same guidelines as domestic students.

International Grants:

- International students who do not qualify for academic aid due to ESL or low high school performance are encouraged to discuss their financial need and payment options with the International Admissions Advisor.

Canadian Students:

Canadian students who are residents of Ontario can apply for funding from the Ontario Student Assistance Program, but must do so well in advance according to the steps below:

- Apply for OSAP online at <https://www.ontario.ca/page/osap-ontario-student-assistance-program>.
- **Be sure to request that funds be paid directly to Geneva College (under Part 2, question 665). This will ensure that timely payment can occur.**
- As part of the application process, you may need to provide enrollment verification which can be requested from the Registrar's Office.
- Monitor your online account and status by following the steps at <https://www.ontario.ca/page/how-apply-osap#section-1>.
- Print out a copy of the OSAP Assessment Form and send a copy to the Student Financial Services Office before the billing due date each semester. This will inform us of your estimated aid amount. If this is not received before the billing due date, your balance due must be paid out of pocket by the deadline.

Students coming from other provinces should look into their own provincial support.
