

3+1 Cybersecurity Program

Student Financial Services Fact Sheet
3.22.19 ADG

- Students receive **both** their undergraduate degree AND their master’s degree in a 4-year timeframe which saves a student approximately two years of time-to-completion as well as significant financial resources. (Note: Students also have the option of enrolling only as a master’s student and completing all requirements for the program as a graduate student.)
- Although we have plans to make this a fully online degree, at the moment it is a hybrid program with a third of the courses in the classroom and two thirds online.
- Years 1-3 are billed at the undergraduate tuition rate and receive undergraduate financial aid (see chart below), including merit scholarships for full time semesters only.
- Year 4 is billed at the graduate tuition rate and students can file the FAFSA to apply for Federal Direct Unsubsidized Loans of up to \$20,500 per year. **Merit scholarships, state grants and other undergraduate aid is not available.**
- Summer tuition is typically the student’s responsibility but the student should contact Student Financial Services to discuss the possibility of federal and state financial aid eligibility for their specific situation.

	Summer	Fall	Spring
Freshman Year	0 credits	18 undergrad credits Undergrad Costs & Aid	18 undergrad credits Undergrad Costs & Aid
Sophomore Year	6 undergrad credits Undergrad Costs & Aid	18 undergrad credits Undergrad Costs & Aid	18 undergrad credits Undergrad Costs & Aid
Junior Year	6 undergrad credits Undergrad Costs & Aid	15 undergrad credits 3 grad credits Undergrad Costs & Aid	12 undergrad credits 6 grad credits Undergrad Costs & Aid
Senior Year	6 grad credits Graduate Costs and Aid	9 grad credits Graduate Costs and Aid	9 grad credits Graduate Costs and Aid

- Any change in schedule could result in a change in cost and financial aid. Please review your situation on an annual basis with the Student Financial Services Office if you have any questions!
